

# Flinders Ranges Camp

**ACTIVITY ITINERARY**

# DAY 1

## THE JOURNEY TO OUR CAMPSITE

### WINE TASTING AT THE BAROSSA VALLEY

Our first stop is this 150 year old heritage-listed winery, with a guided tour around the wine barrels and aromatic building. This will be followed up with a wine tasting experience, where we you will have a chance to taste some of the historic wines that the winery is making.

### PINK CRYSTAL LAKE

Our second stop is the scenic and beautiful Pink Crystal Lake. This inland lake provides an amazing opportunity for photos and is quite unique to see the big salt crystals sparkling on the edges of the lake. The very high concentrations of salt and a certain type of bacteria in the lake cause the pink color in the lake. We enjoy lunch made by our chef, at this gorgeous stopover.

### OUR BUSH CAMPSITE

We take a quick stop-over at a historic harbor-side town with has a rich history dating back to 1845. There is a grocery and bottle shop for those wishing to make any purchases. Our scenic journey continues on the bus through the beautiful Australian outback, before we arrive at our stunning national park campsite.

Our campsite will be within the mountains next to gorgeous walking trails, and where kangaroos and emus are very common, so it is possible you will see a kangaroo jumping through our campsite, goannas are also common! Toilets and shower facilities are available.

### SUNSET HIKE + MEET AND GREET DINNER!

Just before our group dinner, we have the opportunity to take a small hike up a nearby mountain to watch the sun set where the mountains meet the ocean! A truly beautiful view in a very unique location. Up next we get together for a group dinner and get-to-know-you meet and greet! We have social drinks and cards, and can enjoy the rest of the night under the stars and around our campfire!

# DAY 2

## CAMPING ON ABORIGINAL LAND

### AUSTRALIAN BUSH PLANTS BOTANICAL GARDEN

Here we will get a great guided tour by one of the locals – showing us some Australian Aboriginal bush plants and edible bush foods. We get to taste the plants we learn about! Next we take a quick stop over to see the magnificent cliff- views which overlook the ocean and mountains. These red cliffs are truly a sight to behold! Lunch is up next with ball-games and relaxing in the park.

### EXPLORING OUR CAMPSITE

As we arrive back to our campsite after lunch, we have some free time. Explore some surrounding walks, have a shower, read a book, play cards or help out preparing dinner! Tonight we have a big dinner as we welcome our Australian Aboriginal guests to our campsite!

### AUSTRALIAN ABORIGINAL NIGHT AT OUR CAMPSITE

Tonight we are really lucky to welcome our Australian Aboriginal guests, who will show us their methods of cooking on a campfire, and as a special treat have kindly offered to cook us some 'Kangaroo Tail' and Australian 'Damper' to try. Our Australian Aboriginal guests will be treating us to a cultural performance, and will be able to tell you more about their culture while share some Dreamtime Stories with you, as well as answer any of your questions.

### EXPLORING OLD BUILDING RUINS - NIGHT WALK

Later at night, we have the opportunity to have enjoy a night walk with the group. We walk to an old ruin site, where there are buildings from the first Australian white settlers that used to farm sheep. These old building ruins are very interesting to explore at night as a group, and show you the story of Australian settlement in Australia. If we have a clear night without clouds, you can see the stars are absolutely incredible... completely different to the stars when looking from the city.

# DAY 3

## SPECTACULAR VIEWS IN OUR BEAUTIFUL NATIONAL PARK

### MASSIVE CLIFF LOOKOUTS

After another chef-prepared breakfast meal, we make our way to some undiscovered treasures in our National Park. We take you to some of the most beautiful Australian cliff views you will ever see. These cliff views together with the silent nature of our national park really showcase how beautiful the Australian Bush can be. This will truly show you how the land was before cities and white people came to Australia. Take a moment to breath, be still and hear the sounds of nature while you take in the unique landscape views.

### FINAL LUNCH & OUR ADELAIDE JOURNEY

We will enjoy a picnic lunch amongst the large gum trees, and those wanting to do a quick explore of the national park are welcome to do so. As this is the last part of our journey, we will then enjoy the drive back to Adelaide, and try to spot some more emus on the road back to Adelaide! We should be back just before sunset!
